

## ABSTRACT

Regarded as the premium clamp manufacturer. Quality and compliance are at the heart of what we do.

## DESIGN

Designed for safety. Designed with the future in mind.

## DIFFERENTIATION

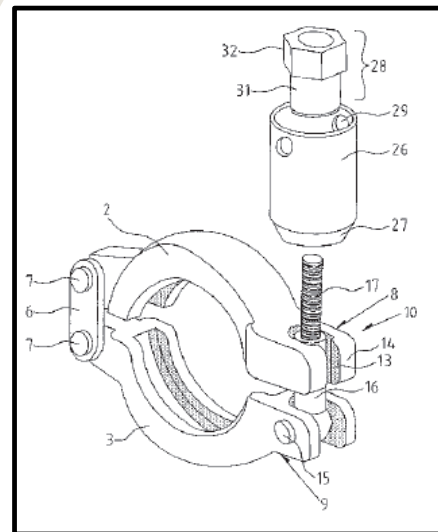

The Safety clamp by Advanced Couplings – specified in many Pharmaceutical facilities

EURO-PURE Clamp by Advanced Couplings – The new standard for clamp design:

Designed and manufactured with the Environment in mind

Designed to AD2000

Manufactured in the EU

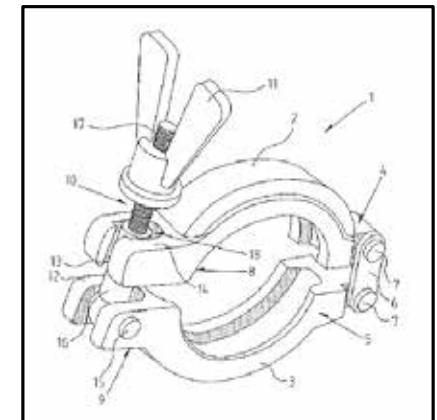

Designed to AD2000 (PED)  
Material to AD2000 W0 / W2(PED)  
Manufactured to AD2000 (PED)  
\*Tested to AD2000:A5 (PED)

## ACL CLAMPS HIGHLIGHTS

The patented safety clamp design has been in use for almost two decades. It has proven to be indispensable for the safety conscious engineers and managers globally. The design enables the leak before- burst scenario that is at the heart of ASME BPVC codes and standards.
