

## Braid Reinforced Silicone Hose

Delivery hose suitable for biotechnological and pharmaceutical products. It has excellent flexibility for pressurized fluid transfer applications. Not intended for use as an implant material.

**Tube and cover:** silicone, natural, odourless and tasteless

**Reinforcement:** braided high temperature resistant plies

## Technical information

Sizes	¼" to ¾"
Temp. range	-60 to 180 °C
Connections	Depending on the fitting
Material	Platinum-Cured Silicone; Polyester Braid
Certificates (standard)	FDA (21 CFR 177.2600), USP Class VI, <88>, ISO 10993 (part 1), TSE/BSE, RoHS

### Features

- Excellent flexible
- Sterilizable by autoclave, ETO or gamma radiation
- Low volatile grade suitable for pharmaceutical and biopharm applications
- Imparts no taste and odor
- Certified free of animal-derived ingredients
